It's a long way home, Mr. Frogger, but stay on your webbed toes and you'll make it.

First, you have to cross the highway while those 18-wheelers barrel down on you.

If you make it that far, you've still got to cross the river. Alas, you're a land frog and can't swim. You'll need to hitch a ride on a passing log or the back of a turtle. You can ride on the back of an alligator, but don't land too close to his mouth or you're a goner!

To add to your troubles, the riverbank's steep; watch where you leap on that final jump home.

Insert your disk into the drive and turn on the computer. When the banner page appears press SPACE BAR to play; redefine Keyboard; or joystick.

If you press the SPACE BAR the game is controlled from the Keyboard.

Press A for up, Z for down, + for left, and - for right.

Keyboard players are asked which buttons they want to move up, down, right and left.

For Joystick:

UP
LEFT
RIGHT
DOWN
